LETTER REGARDING MISTAKE IN PRINTED PATENT

Dear Sir:

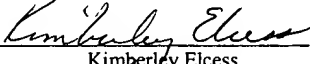

In accordance with 37 CFR. § 1.322 and MPEP § 1480, Applicants wish to point out the following errors in the above-identified patent that resulted from an error by Applicant.

Specifically, errors of a clerical, typographical, or minor nature or character were made in the Application as originally filed. On page 14 of the original Application at line 17 a period was omitted at the end of a sentence and "file However" was incorrectly typed for --file. However--. On page 24 of the original Application at line 4 "and 8C," was incorrectly typed for --and 8D,--.

In two other locations, although text was correctly entered in the application as filed, errors were apparently introduced by a transcription error in an amendment. These errors occurred in good faith, and are of a clerical, typographical, or minor nature or character. On page 2 of the Amendment filed on January 20, 2004 at line 8, "high-band width" was incorrectly typed for --high-bandwidth-- as was originally submitted in the original Application on page 6 at line 23. On page 2 of the Amendment filed on January 20, 2004 at line 10, "(PVI)" was

incorrectly typed for --(PCI)-- as was originally submitted in the original Application on page 6 at line 25.

Applicants respectfully request that this letter be made of record in the patent file.
